Product Description

The Teslights Smart LED Streetlights C have been designed and manufactured in order to meet the lighting demand of narrow environment, thanks to a lens that could produce a rectangular lighting pattern.

These luminaires are suitable to be used in the middle of the narrow streets, since rectangular lighting distribution can reduce dark spot between two fixtures, make full use of light and have better lighting uniformity for the lighting environment.

Light in weight and small in size, it has a special-designed bracket which allows to easily and firmly install on wire rope crossing roadway or streets and be perfectly integrated with surrounding environment.

While reducing maintenance costs and improving performance, the superior quality output of the Teslights Smart LED Streetlights C deliver immediate modernization in illumination.

Key Features

- Anodized Aluminum heat sink
- Modular manufacturing process
- 5 year factory warranty
- No rewiring of fixture, minimizing replacement and maintenance costs

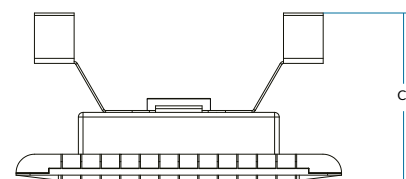

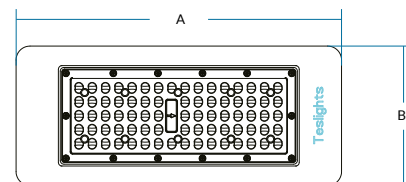

Product Specifications

LED package:	SMD 3030
Power consumption:	Up to 90W
Input voltage:	100-277Vac 50-60Hz
Efficacy:	Up to 130 lm/W±5%
THD:	<18%
P.F.:	≥0.92
CRI:	>80
Dimming:	0-10V
Material:	6030 aluminum alloy and PC cover
Beam angle:	120°C
IP:	IP66
Operating temperature:	-40°C+45°C

Product Measurement

Model	Measures (AxBxCxD)
SLC 30W / 60W / 90W	330 x 180 x 186 mm

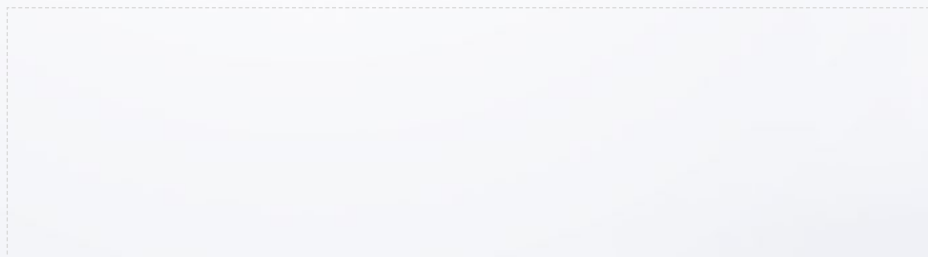

Ordering Guide

Example: SLCP60M130C40

Type	Dim or Non-Dim	Watts	Driver/Power	Efficacy	Cover	CCT
